

Halo Guide

Entering the Property with a Card/Fob

Tap the credential card/fob against the Halo to unlock it.

Entering the Property with Bluetooth

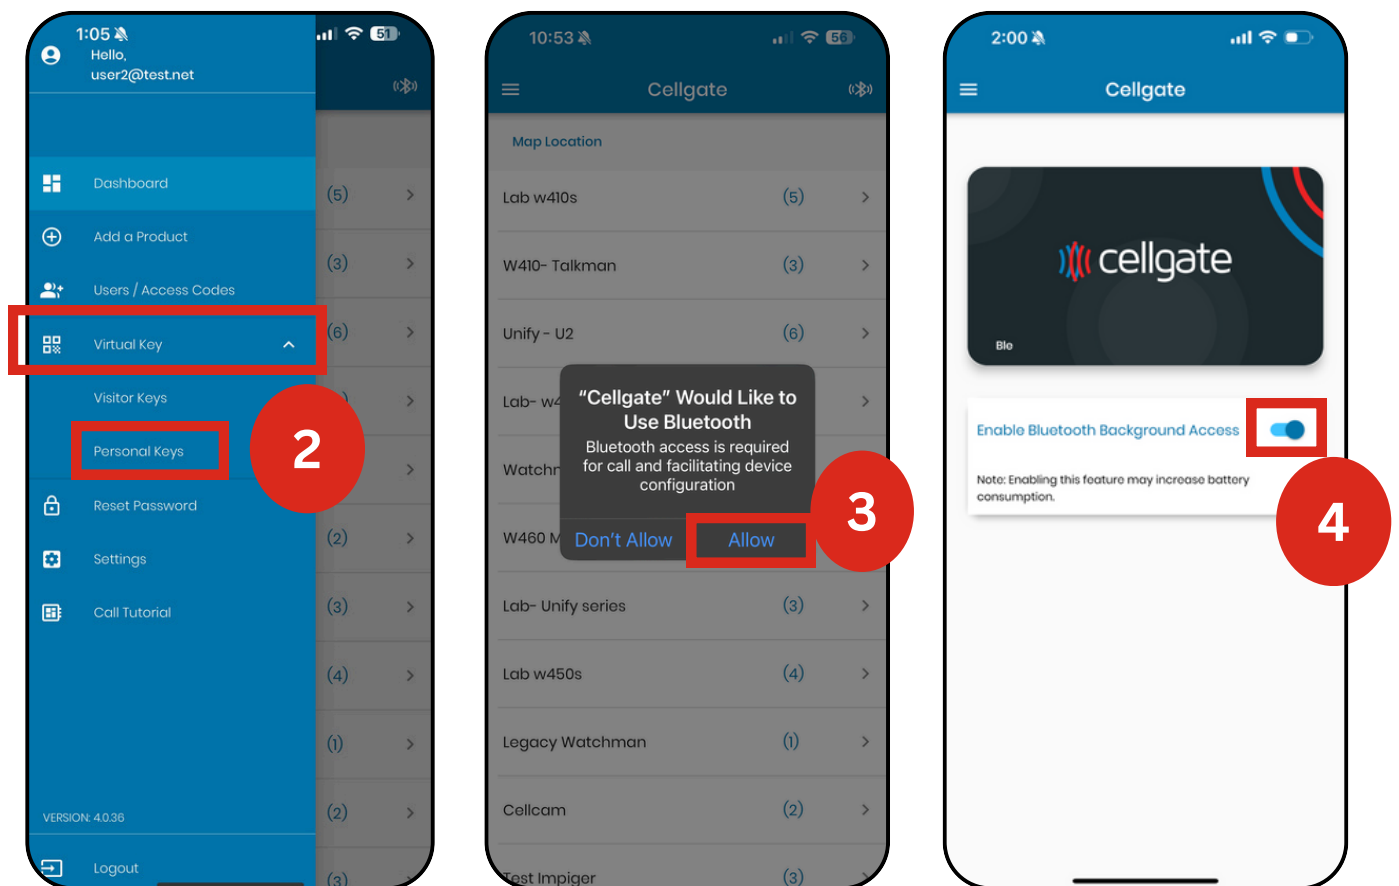

1. Download the CellGate application.

2. Open the menu, click **Virtual Keys**, then **Personal Keys**.

3. When prompted, allow CellGate to use Bluetooth.

4. Click **Enable Bluetooth Background Access**.

5. Your phone is now ready for Bluetooth access.

6. To enter the property, have the phone on your person and wave in front of the device.
