OP-SIGNAL-TEST-KIT-ATT Test Kit w/Case
OP-SIGNAL-TEST-KIT-VZN Test Kit w/Case

Test Kit Benefits

- Confirm best Gateway placement for a property to maximize LoRA signals at each entry point.

- Validate signal strength from Gateway to EPM efficiently.

- Determine what entry point (modules) on a property may need external antennas to increase signal reliability in those locations.

- Demonstrate an OmniPoint solution to prospective customers.

- TrueCloud Connect™ demonstration featuring admin management, event logs & more.

- CellGate App – Download the app to demonstrate end-user friendly app functionality.

Earn Test Kit Rebates

Pay for your Test Kit as you grow your OmniPoint sales!

- **$100 Rebate*** – Earn $100 per OmniPoint Gateway sold until it's paid for.

- **Purchase Process** – Email **demokit@cell-gate.com**, and include the part number desired in your message.

- ***Rebate Process** – Visit **www.cell-gate.com/demorebate/** after each installation and complete the Test Kit Rebate form. You'll receive a confirmation email and CellGate will mail you a check shortly after.
